ABOUT ME

I'm a passionate and motivated Electronics and Communication Engineering graduate with a strong foundation in web technologies and a desire to learn and grow in the software development field. Skilled in frontend technologies like HTML, CSS, JavaScript, and React, with hands-on project experience in building responsive and interactive web applications. I am a quick learner, highly adaptable, and eager to contribute to innovative projects in a collaborative environment. My goal is to continuously grow as a developer and add value to an organization through my dedication and technical skills.
